

MINNESKAPELLET är byggt på 1920-talet av Claes Lagergren till minne över hans fru Caroline Russell Lagergren och hans gode vän John How.

THE MEMORIAL CHAPEL was built in the 1920s by Claes Lagergren, in memory of his wife, Caroline Russell Lagergren, and his close friend John How.

ÅLIDEN är byggt under 1920-talet åt skogvaktarfamiljen. Huset är inspirerat av byggnaderna som Frankrikes drottning Marie Antoinette lät bygga i parken runt slottet Versailles.

ÅLIDEN was built in the 1920s, for the forester's family. The house was inspired by the buildings that Marie Antoinette, Queen of France, had constructed in the park around the Palace of Versailles.

NOTHOLMEN torpet med mark och fiskevatten har arrenderats av fiskare. Den sista familjen hette Karlsson och flyttade ut ca 1950.

NOTHOLMEN, a croft with land and fishing waters, has been leased to fishermen. The last family, the Karlssons, moved out around 1950.

ÅTTKANTEN har bland annat fungerat som sädesmagasin.

THE OCTAGON were built in the 1880s, once used as a granary.

ARBETARBOSTÄDERNA byggdes under familjen Lagergrens tid åt bland annat gårdens statarfamiljer, oftast med tre lägenheter i varje hus. Idag privat uthyrda, visa hänsyn till de boende.

THE WORKERS' QUARTERS were built for the families of the agricultural labourers of the estate, in the days of the Lagergren family. The houses normally had three apartments each. Today, the workers' quarters are private residences. Please show consideration for residents.

TYRESÖ KYRKA Gabriel Gustafsson Oxenstierna tog initiativ till en kyrka vid sitt nya slott. Den invigdes 1641 med hans egen begravning och tillhör Svenska kyrkan.

TYRESÖ CHURCH On the initiative of Gabriel Gustafsson Oxenstierna, a new church was built near his new palace. It was inaugurated in 1641; Oxenstierna's own funeral would be the first service held here.

PRINSVILLAN byggdes på 1880-talet för rättaren och hyrdes av prins Eugen somrarna 1894–1909. Husen runt villan användes som handelsbod och tjänstebostäder under familjen Lagergrens tid.

THE PRINCE'S VILLA was built in the 1880s, originally for the foreman. It was rented out to Prince Eugen of Sweden in the summers of 1892–1912. The houses surrounding the villa were used as official lodgings in the days of the Lagergren family, and one building served as a shop.

STALLET kan vara byggt samtidigt med slottet och fungerade tillfälligt som kapell innan kyrkan blev klar.

THE STABLES were likely built during the construction of the palace. Before the church was finished, the stables served as a provisional chapel.
